EXCITING CHASE AFTER BURGLARS.

EXCITING CHASE AFTER BURGLARS.

Three men emerged centiously from the Philharmonic Concert Hall at No. 109 Bowery shortly before 4 a. m. yesterday and then walked rapidly into Hester-st. Their movements were noticed by a peanut vender who had a stand nearly in front of the hall. When they had gone out of sight Patrelman Herman Inteman, of the Tenth Precinct, noticed that the front door of the place was open. Entering the hall he saw that a safe had been broken open and rifled of its contents. The peanut vender told the policeman what he had seen, and Inteman started in pursuit of the burglars. At Hester and Chrystie sts. he saw three men standing and talking carnestly, but they started to run as soon as he approached. Inteman overtook and arrested one of the men, giving an alarm rap at the same time to aftract the altention of other policemen. A moment later the officer was knocked down by a blow with an iron jimmy, and the prisoner ran toward Grand-st. Although he had received a severe scalp wound, Inteman pursued the burglar. He drew his revelver and began to shoot at the fugitive. Five shots were fired without hurting the thief, but one of the burglar ran past the Eldridge Street Police. The burglar ran past the Eldridge Street Police.

The burglar ran past the Eldridge Street Police The burglar ran past the Eldridge Street Police Station and Roundsman Sweeney caught sight of him. Internan stopped exhausted in front of the station. The roundsman caught the runaway, who was identified as James Osten, an ex-convict. In the pockets of the prisoner were found \$98 and some jewelry which Frederick Lubin, the proprietor of the concert hall, afterward claimed. Another man, Joseph Harrison, of No. 446 East Thirty-second-st., was arrested by Patrolman Quirk and was recognized by Internan as one of Osten's companions. The prisoners were remanded in the Essex[Market Police Court yesterday, Mr. Lubin said that his loss amounted to about \$150. Internan and the wounded Italian were sent to the Chambers Street Hospital.

THE OPENING OF THE BRIDGE.

THE OPENING OF THE BRIDGE.

Vice-President Kingsley issued a notice yesterday that because the business of the Bridge office could not be transacted owing to the crowds of applicants for passes, no more passes would be issued, nor would they be sent in response to written applications, as already such letters numbered 300 a day. The passes already issued would be honored on presentation. In regard to the date set for the bridge opening (May 24) being the birthday of Queen Victoria, Mr. Kingsley, who is one of the committee on the opening, said that when the date was selected none of the committee, in his opinion, knew that it was the Queen's birthday. The date was selected because the contracts would all be filled at that day and opening the structure would not interfere with the work in any way. The date had us wheen settled and it would be difficult to change it. The arrangements were to have the structure formally handed over to the Mayors' acceptance of it, addresses will be made by William M. Evarts for this city and the Rev. Dr. R. S. Storrs for Brooklyn. The after proceedings have not been arranged.

M. Evalts for this earlier proceedings have not been arranged.

A proposal has been made to make the day a holiday in Brooklyn and to have a general illumination with fireworks at night. The Brooklyn Board of Aldermon passed a resolution yesterday appointing a committee of five to wait upon the bridge trustees and to request that the opening exercises be of a public character which every one would be welcome to attend, and that the Boards of Aldermon of the two cities be given notice of the opening in order to co-operate in securing a proper celebration. In the discussion it was stated that the opening day had been fixed for May 24 because William C. Kingsley, the vice-president of the trustees, was a British subject, having been born in Canada and never having been naturalized in this country. It was niged that the Bridge should be opened on May 31.

CONTESTING THE REGULAR NOMINATION.

A committee of seven was appointed, at a meeting yesterday of members of the Stock Exchange opposed to the regular ticket, to nominate independent candidates. There were present at the meeting representatives of nearly 100 firms, some of them the best commission houses in the street. The committee was constituted as follows: E. K. Willard, William Robinson, A. L. Thompson, Charles E. Quiney, Joseph A. Jameson, Joseph Walker and George F. Cummings. The chairman of the meeting was R. H. Thomas, and the secretary Thomas B. Adams. In the remarks that were made, there was expressed no personal opposition to Mr. Dickerman, the regular nominee, but at the same time it was admitted tacitly that the ticket would be satisfactory except for him. The grounds of objection to him were: That older members of the Exchange deserved the place, and that, in considering the case of Wilhiam J. Hutchinson, who was expelled for "obvious frand," he could not be dispassionate, because Mr. Hutchinson was a large customer of his firm. No preference for any member of the Exchange was expressed, but the committee was allowed the utmost freedom of choics. The committee will report at an adjourned-meeting on Thursday. Some of the members of the Exchange boldly said that the opposition candidate for the presidency was sure of election. "I have canvassed the active members of the Board," said one broker, "and I am sure that at least a third of all the members are opposed to Mr. Dickerman's election. Hys this Hutchinson question that settles it, of course, although I think that some older member should have been selected any way. Mr. Dickerman can afford to wait." CONTESTING THE REGULAR NOMINATION.

A POLICEMAN WITH DELIRIUM TREMENS. Three pistol shots, discharged rapidly at Thirdave, and Eighty-eighth-st., caused much excitement at that place late on Sunday night. Patroiman Hays, of the Twenty-third Precinct, rau to ascertain the cause of the shooting, and found another Hays, of the Twenty-thrid Freeinet, rai to ascertain the cause of the shooting, and found another policeman standing on the corner with a revolver in each hand. Hays recognized him as Patrolman Alfonso Roberson, who belonged in the Twenty-eighth Precinct and lived at No. 231 East One-Hundred-and-Fourth-st. When asked why he was shooting in the street Roberson said he had been pursued by burglars. J. J. Schriber, a druggist at No. 1,567 Third-ave., said that the policeman had entered his store and had borrowed a revolver, stating that he was in pursuit of thieves. Dr. F. A. Sprague, of No. 161 East Eighty-sixth-st., who was in the drug-store at the time, also lent Roberson a pistol. They were mutually astonished when the officer rushed into the street and began to shoot at random. No person had been injured by the shots and Roberson allowed himself to be disarmed when Hays arrived at the corner. Dr. Sprague and Mr. Schriber accompanied the policement to the Eightyeighth Street Police Station and claimed their firearms.

Police Surgeon Wood was summoned, and he said that Roberson was suffering from delirium tremens. He had the man removed to Bellevue Hospital and placed under guard. Superintendent Walling was informed yesterday that Roberson was still delirious. As soon as the policeman comes to his sensos he will be arraigned before the Police Commissioners.

MAJOR HARROLD ON THE STAND.

An examination in the cases of John A. Walker, William Christie, Quale W. Hanks, Robert F. Fullsam, Richard A. Johnson, James Shiels and John Shiels for perjury, was held before Justice Fatterson yesterday at the Essex Market Police Court. John T. Harrold, in whose suit against the elevated road the alleged perjury was committed, testified how he was injured in a collision on March 25, 1879. He sand that he was not willing to have a physician examine him. The physicians for the radroad attempted to take his life before by placing a galvanic battery on the pit of his stomach. From the time he was injured by the collision he was not out of his house or out of his stomach. From the time he was injured by the collision he was not out of his house or out of his room, he declared solemnly and with much feeling, till he was removed to Mouroe st.

Thomas J. McEvilly was next called to describe conversations with James Shiels and John Shiels in reference to alleged promises of money to them. Mrs. Shiels, wite of John Shiels, was questioned as te her husband's relations with Dr. Shine. Edward McDonnell and a liquor dealer named O'Connor. She said that she was informed that money was offered through her father-in-law to her husband. He had called at Dr. Shine's house and received some money, and other considerations were held out to secure his testimony. Lizzie Shiels, of No. 1,279 Third-ave, stated that her father, James Shiels, had a long interview with Dr. Shine on April 18. When she went for him he said that the dector was writing out a check for §25 for him, which he was to get on the next day.

DISPUTE OVER A POLICE JUSTICESHIP. The term of office of Police-Justice Stilsing, of the First District Court of Jersey City, expired at midnight last night, but owing to a trouble in the appointment of his successor he will probably hold over for another year, or, at least, until the next session of the State Legislature, Justice Stilsing was appointed by the Legislature three years ago, and his successor should have been appointed by this year's Legislature, but owing to the refusal of the Senate to meet in joint session with the House, no appointment was made. Justice Stilsing's grounds for holding over are based upon a law passed a few years ago, which provides that all city officers shall hold over until their successors shall have been appointed or elected. Governor Ludlow, however, holds that the office of Police Justice is a State office, and that he has a right, under the law to make an appointment as soon as a vacancy exists. He therefore decided to make an appointment, and it is likely that when the court opens this morning there will be two claimants for the judicial chair. The term of office of Police-Justice Stylsing, of the

tour of inspection was made. The examination of the storehouses showed that the food was better than that of the average prison. The cells in the Penitentiary were clean. At the Insane Asylum Commissioner Brennan was warmly greeted by Mary Hennessy, who insists that he is her husband, and it was with difficulty that he could avoid her embraces. Madame Abot, who imagines she is a popular songstress, favored the party with several well rendered airs. "Owney" Geoghegan was seen in a party of eight hauling a heavy stone roller over a newly made path. He looked well and said to his keeper that he "felt bu 1."

THOMAS S. GAGE'S MENTAL CONDITION.

Thomas S. Gage, secretary of the Metropolitan Telephone and Telegraph Company, was taken to the Tombs Police Court yesterday afterneon by Officer Van Arsdale and another policeman of the Broadway squad. He was suffering from aberration of mind due to overwork, and was taken into custody at the request of J. C. Vail, treasurer of the company, and Harry G. Atwaier, a lawyer, of No. 145 Broadway. Mr. Gage has been roaming about for the last few days, and yesterday morning he went to his office at Broadway and Laberty-st. After a short stay he was about to leave and on being asked by Mr. Vail as to where he was going, replied that it was none of his business. He is suffering evidently from a delusion that he has discovered some of the secrets of the Masonic Order and that he is consequently being pursued by men bent on doing him bodily injury. He frequently speaks of the mysterious Morgan case. He refused to enter a coach when being taken to court, imagining that he would be kidnapped, and was so refractory that a large crowd followed him to the Tombs. He requested that these persons be permitted to enter the court, saving: "Let the public in: this is a masonic persecution."

When arraigned before Justice Ford Mr. Gage appeared for a time perfectly rational. At his request the affidavit against himself was handed to him and immediately he called the Justice's attention to the fact that Mr. Atwater's name was not spelled correctly. The name being altered, he again took the paper and silently perused it intently, and having concluded said: "This is false. I am not insane." His manner was such that the magistrate inquired what object the men would have in making such an allegation.

"I desire a lawyer," he replied. "If I make an answer to that question it will be regarded as a delusion. There is an object to be gained in all this."

Mr. Gage insisted on having a lawyer assigned him at the ayamination held pror to his committal THOMAS 8. GAGE'S MENTAL CONDITION.

this."

Mr. Gage insisted on having a lawyer assigned him at the examination held prior to his committal for medical examination. It required gentle force to remove him from the magistrate's bench, and he to remove him from the magistrate's bench, and he was, after a preliminary examination by Dr. Jack-son, sent to Bellevue Hospital, where the question of his mental condition will be finally settled. His derangement is only temporary.

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrotula about you, SCROFULA ATER'S SABSAFARILLA will dislodge it and expel it from your system.

For constitutional or scrofulous Catarra, ATER'S SARSA-

CATARRH PARILLA is the true remedy. It has cured numberless cases. It will stop the nanseous catarrhal discharges, and remove the stokening oder of the breath, which are indications of a scrofulous origin.

ULCEROUS "At the age of two years one of my children was terribly afflicted with ulcorous ranning sores on SORES its face and neck. At the same time its eyes were swollen, much inflamed and very sore. SORE EYES Physicians told us that a powerful alter-active medicine must be employed. They united in recommending ATEX'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and perma-nent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results.

FROM THE OLD WORLD.

From the great London (Eng.) Times. Among the many specifics introduced to the public for the cure of dyspepsia, indigestion, derangeents of various kinds, and as a general family medicine none have met with such genuine appreciation as Hop Bitters. Introduced to this country but a comparatively short time since, to meet the great demand for a pure, safe and perfect family medicine, they have rapidly increased in favor until they are, without question, the most popular and 'valuable medicine known. Its worldwide renown is not due to the advertising it has received it is famous by reason of its inherent virtues. It does all that is claimed for it. It discharges its curative powers without any of the evil effects of other bitters or me cine, being perfectly safe and harmless for the most frail woman, smallest child and weakest invalid to use. Few are the homes indeed where the great discovery has no already been halled as a deliverer and welcomed as friend. It does what others affect to do. Composed of imple materials, it is a marvel of delicate and successful combination. Nothing is wanting. Every ingredien goes straight to the mark at which it is aimed, and never fails. Pleasant to the palate, agreeable to the stomach and thoroughly effective as a cure, it has won for itself the confidence of all .- (Times, London, Eng.

A Few Unsolicited Letters From Thousands Received.

February 9, 1882. I have tried experiments on myself and others with Hop Bitters, and can easily recommend them as a pleasant and efficacious medicine. I have found them specially useful in cases of congestion of the kidneys, as well as in bilious derangements. Rev. J. MILNER, M. A., Rector to the Duke of Edinburgh.

U. S. CONSULATE, MANCHESTER, Eng., Nov. 8, 1882.

Gentlemen:-Since writing you of the great benefit had derived from taking "Hop Bitters." I gave a friend ab derived from taking Hop bitters, I gave a friend a bottle, who had been suffering much from dyspepsia and singgish liver, and the change was marvelious; he appeared another being altogether. He had tried several other remedies without any benefit. I could name over a dozen other miraculous cures.

ARTHUR C. HALL, Consular Clerk.

LONDON, Eng., Sept. 1, 1882.

I am pleased to testify to the good effects of your Hop Bitters." Have been suffering a long time with severe pain in the left side and across the loins, and hav-ing tried a number of so-called remedies without any benefit, I am glad to acknowledge the great relief I have obtained from your medicine. CURRIS WATSON.

COLCHESTER, Eng., Aug. 18, 1882. Gentlemen:-I was troubled with a very bad form of indigestion for a long time, and tried many things in vain until I got some "Hop Bitters." and on taking was quite cured, and remain so fill this time. It is now three months ago since I was bad. F. Bell.

From Rev. J. C. BOYCE, M. A. Dear Sirs:-I have lately finished my first bottle of Hop Bitters." After having for many years suffered acutely from rheumatic good (inherited) I feel so much better, and can walk so much more freely, should like to continue the use of it. I write to ask how many better you will let me have for £1, so that I may always have some in stock.

From Ould Ireland.

Hop Bitters Co. DUBLIS, Nov. 22, 1882. Gentlemen:-You may be interested to learn that one Hop Bitters Co. of the most eminent Judges on the Irish bench (a customer of mine) highly approves of your Hop, Bitters, having received great benefit from their use.

T. T. HOLMES, Chemist. ALEXANDRIA PALACE, LONDON, Eng., April 18, 1882

I find Hop Bitters a most wenderful medical combins on, healthful, blood-purifying and strengthening. end, from analysis as well as from medical knowledge, highly recommend them as a valuable family medicine. BARBARA WALLACE GOTHARD, Supt.

LONDON, Eng., Feb. 1, 1882. Gentlemen:—For years I have been a sufferer from kidney complaint, and from using your Hop Bitters am entirely cared, and can recommend them to all suffering from such disease. William Harrie.

Sir:—Having suffered from extreme nervous debility for four years, and having tried all kinds of medicine and hange of scene and air without deriving any benefit hatever, I was persuaded by a friend to try Hop Bitwhatever, I was persuased by a friend to any new ters, and the effect, I am happy to say, was most marvellous. Under these circumstances I feel it my duty to give this testimonial for the benefit of others, as I may say I am now entirely well; therefore I can justly and with confidence give personal testimony to any one wishing to call upon me.

Yours truly,
HENRY HALL.

Nonwich, Eug., June 20, 1882. To the Hop Bitters Co. Gentlemen:-Having suffered for many years from illiousness, accompanied with sickness and dreadful headache (being greatly fatigued with overwork and iong hours at husiness). I lost all energy, strength and appetite. I was advised by a friend in whom I had seen such beneficial effects to try Hop Bitters, and a few bottles have quite altered and restored me to better health than ever. I have also recommended it to other friends, and am pleased to add with the like result. Every claim you make for it I can fully indorse, and recommend it as an incomparable tonic.

Yours faithfully, From Germany.

KATZENBACHOF, Germany, Aug. 28, 1881. Dear Sirs:—I have taken your most precious essence— Hop Bitters—and I can already, after so short a time, assure you that I feel much better than I have felt for

months.

I have had, during the course of four years, three times I have had, during the course of four years, three times an inflammation of the kidneys. The last, in January, 1880, was the worst; and I took a lot of medicine to cure the same, in consequence of which my stomach got terribly weakened. I suffered from enormous pains, had to bear great torments when taking nourishment, had sleepiess nights, but none of the medicine was of the least use to me. Now, in consequence of taking Hop Bitters, these pains and inconveniences have entirely left me, I have a good night's rest, and am sufficiently strengthened for work, while I always had to lie down during the day, and this almost every hour. I shall think it my duty to recommend the Bitters to all who suffer, for I am sure I cannot thank the Lord enough that I came across your preparation, and I hope life will maintain you a long time to come for the welfare of suffering mankind.

Yours very truly,
PAULINE HAUSSLER, Gebr. Rosler.

From Portugal and Spain.

Gentlemen: Though not in the habit or praising patent medicines, which for the most part are not only seless but injurious, I have constantly used Hop Bitters for the past four years in cases of indigestion, deters for the past four years in cases of indirection, de-bility, feebleness of constitution and in all diseases caused by poor or had ventilation, want of air and exer-cise, overwork and want of appetite, with the most percase, overwork and want of appetite, with the most perfect success.

I am the first who introduced your Hop Bitters in Portugal and Spain, where they are now used very extensively. Yours very truly,

BARON DEPONTE BELLA,
